Tickets Judy Rudnickie
Program Design The Directors
Publicity Scott Kentner

Danville Light Opera has tried a new concept in show coordination with this production of Hans Christian Anderson in that we have allowed there to be a student counterpart to each of the adult production positions and in some cases we have allowed the student to have the full position. We feel that this gives the younger individual interested in community theatre the opportunity to receive valuable experience that has, prior to this time been denied to them. We feel that this program has worked extremely well and hope that it is something that we will be able to continue.

Hans Christian CHRISTIAN ANDERSEN

notes from a fat man:

regretably, space permits only a few lines... my thanks to D.L.O. president, dan miller for trusting and allowing me to create an "HCA" company both onstage and off that gives the slogan "kidpower" credence... no space to thank all...permit the old man the luxury of special mention...margie and margaret--hurray!! and all my love...ditto for pam! ...becky, as usual!! dary!!! robyn!! and randi!! it could not have been done without you...on stage and off the loveliest children's company it has ever been my pleasure to love...

john
